Hyderabad

SUMMARY

Results-driven developer with expertise in Java and JavaScript, complemented by solid frontend development skills in HTML, CSS and Bootstrap. Adept at designing and managing ORACLE databases and integrating REST APIs to build scalable applications. Experienced in using Git and GitHub for streamlined development workflows and collaboration

EDUCATION

B. Tech - Computer Science Engineering

Dr. Babasaheb Ambedkar Technological University Raigad

07/2026 Beed, Maharashtra

CGPA

A+ / 8.2

PROJECTS

Face Recognition Attendance System

04/2026 - 06/2026

- Developed an AI-powered attendance management system using face recognition to automate student/employee attendance tracking
- Implemented real-time face detection and recognition using OpenCV and Python, with attendance records securely stored in an SQL database
- Designed a responsive web interface using HTML, CSS, and JavaScript for user registration, attendance monitoring, and report management
