PROFESSIONAL SUMMARY

Computer Science Engineering graduate (B.Tech, completed July 2026) with an 8.5+ CGPA and hands-on experience in Java-based application development. Skilled in Core Java, the Collections Framework, JDBC, Servlets, JSP, and basic Spring, with working knowledge of Oracle SQL, HTML/CSS/JavaScript, and Git/GitHub. Built and deployed multiple database-driven and full-stack web applications through academic and independent projects. Seeking an entry-level Java Developer role to contribute to backend and full-stack development while growing into enterprise technologies.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript (basic)
- **Java Technologies:** Collections Framework, JDBC, Servlets, JSP, Spring (basic)
- **Web Technologies:** HTML5, CSS3, Bootstrap, JavaScript (basic)
- **Databases:** Oracle SQL
- **Tools & Platforms:** Git, GitHub, Linux (basic), MS Office

EDUCATION

B.Tech — Computer Science Engineering

Dr. Babasaheb Ambedkar Technological University, Raigad

Completed: July 2026 | CGPA: 8.5+

PROJECTS

Face Recognition Attendance System (AI) — Python, OpenCV, SQL, HTML/CSS/JavaScript

- Developed an AI-powered attendance management system to automate student and employee attendance tracking.
- Implemented real-time face detection and recognition using OpenCV and Python, storing attendance records in an SQL database.
- Built a responsive web interface using HTML, CSS, and JavaScript for registration, attendance monitoring, and report generation.
- Live project: autoattend-face-recognition.onrender.com

Full-stack AI project — created using AI.

My Village Web Project — HTML, CSS, JavaScript

- Developed a web-based village information portal with a responsive, mobile-friendly user interface.
- Live project: ganuborade.github.io/my-village-portal

Math Portal — Full Stack Project — Full-Stack Web Development

- Developed a full-stack mathematics portal with interactive tools and web functionality.
- Live project: math-portal-9zgx.onrender.com

Java Database & Web Applications — Core Java, JDBC, Servlets, JSP, Oracle SQL

- Built multiple practice applications using Core Java, JDBC, Servlets, JSP, and Oracle SQL to implement CRUD operations, database connectivity, and dynamic web pages.

Portfolio Website — HTML, CSS, JavaScript

- Designed and developed a personal portfolio website to showcase projects, technical skills, and professional profile.
- Live project: ganuborade.github.io/portfolio.website2.0

CORE STRENGTHS

Problem Solving | Object-Oriented Programming | Database Connectivity | Web Application Development | Team Collaboration
